HAPPENINGS IN WESTERLY

John J. Dunn Elected Secretary and Treasurer of Corn Growers' Association—Elks' Funeral For Charles D. Chapman—Union C. E. Meeting—Jewish Relief Contributions Over \$368.

John J. Dunn, of Westerly, was elected secretary and treasurer at the annual meeting of the Rhode Island Corn Growers' association, held at the Hotel Bristol, Wednesday evening. Mr. Dunn, of Westerly, was elected secretary and treasurer of the executive committee. The other officers elected were: Joseph A. Packham of Middletown, president; Herbert Harris, of Lake Rock, vice president; Myron A. Hawkins, of Kingston, corresponding secretary; I. L. Sherman of Newport, William A. Packham of Little Compton, E. W. Thelmer of Alton, George E. Adams of Kingston, executive committee. The county representatives are: Burton Harris, of Lake Rock, Providence county; Walter A. Soule, of Foxboro, Newport county; Oliver B. Straight, Anthony, Kent county; Edward K. Thomas, of Kingston, Washington county; Samuel Burnley, of Seekonk, Bristol county. I. L. Sherman was chosen superintendent of hall, Joseph A. Packham assistant superintendent, George E. Adams, superintendent of grain, small grains and clover exhibits, Burton Harris, superintendent of ten ear exhibits, E. K. Thomas superintendent of children's exhibits, and Samuel Burnley, superintendent of special classes.

Upon the suggestion of Professor Myron A. Hawkins, a score card will be prepared so that the judges will no longer grade ears of corn against each other in awarding prizes. Prof. Hawkins told of the efforts which were made by four farmers last summer to improve their corn. The plan which they adopted, under his instruction, isolated 25 rows of corn on the four farms. Of these 25 rows, ten were selected for further examination. The results, he said, would not show to any appreciable extent until next year, although he introduced photographs of two lots of corn on one of the farms which ran 60 and 112 bushels to the acre.

An invitation to participate in the New England Corn show at Springfield, Mass., was declared as the money appropriated could not be applied to the exhibit to any other state. Hereafter none but judges will be in the exhibition hall during the hours that awards are being made.

The receipt of the supreme court in the appeal case of Dr. Percy C. Senior of Westerly, from the action of the state board of health, reads in substance as follows: "Upon hearing before this court, testimony was presented showing that the appellant had been frequently guilty of drunkenness and of improper and indecent acts in public places that in the year 1913 he had been twice convicted and sentenced as a common drunkard that in October, 1915, he had been convicted by several persons to obtain the performance by him of illegal acts and to induce others to do the same. The charges are sustained by the evidence. The findings of the state board of health are affirmed. The license of the appellant to practice medicine and surgery in this state is revoked."

Mark Goldrick, exalted ruler of Providence lodge of Elks, is in Westerly on business connected with the funeral of Charles Denison Chapman, who was a member of the Providence lodge, being an Elk before the Westerly lodge was instituted. The Baptist lodge and Westerly lodges will be largely represented at the funeral and burial which will be held at the cemetery of the Benevolent and Protective Order of Elks. The deceased was also a member of Westerly lodge, Order of Moose, and a member from that organization will attend the funeral.

A large audience appreciated Haydn's Creation given by the ragansett Choral society of Peace Dale, as the feature of its twenty-seventh season. Dr. Franklin D. Lawson, of New York, promoter of the colony in the town of Westerly, sang the tenor parts, and a musical critic said: "Dr. Lawson disclosed an agreeable voice and sang with the authority of an experienced artist. His Nativity of North was received with great favor and justly so for its tender, yet manly and vigorous finish."

The big plant of the Bradford Dyeing association of Bradford suspended operation Friday, during the funeral of Mrs. Gilbert Smith, whose husband is a member of the office force. Services were held at the home of the deceased in Bowdoin lane and the attendance was the largest of any funeral ever held in Bradford. There were many floral tributes which included special pieces from the Bradford Dyeing association, Bradford Athletic club, Bradford Cooperative store, Bradford Social club and Bradford Branch of British Relief fund. Mrs. Smith came from England two years ago and was married soon after her arrival. She died suddenly of heart disease. Burial was in Hopkinton cemetery.

Remarks were made by Revs. John G. Dutton, Clayton A. Burdick, F. Stewart Kinley and Samuel M. Cartant. A social session followed the election and business meeting.

John Shea, about 65 years of age, a resident of Pawcatuck, was probably fatally injured Friday night when on the road between Pawcatuck and Stonington, the section known as Solomonville, by being struck by an automobile operated by Frank Sheldon, a demonstrator for a Westerly automobile salesroom. Sheldon was driving toward his home in Stonington and Shea was walking in the opposite direction on the left side of the road. Sheldon's car was driven into the ditch and Shea was struck and knocked down before the automobile was stopped. Dr. Scanlon and May were summoned and Shea was hurried to his home as quickly as possible.

Mr. Shea sustained a comminuted fracture of the left leg, scalp wounds over each eye about six inches long, a cut in the chin close to the bone and parallel with the mouth. The upper lip is cut and all the teeth knocked out. He received cuts in the arms and back and his skull is fractured. The opinion of the physicians is that he will not live through the night.

The headlight on the right side of the machine was broken and the glass of the windshield was smashed.

Some of the finest of finished Westerly granite will be used in the front of the new building for the Industrial Trust company. The large vault used in the old building is being lowered gradually to the new basement, where it will be utilized in connection with the safe deposit department.

Harris Browning, the son of Mr. and Mrs. William H. Browning, was severely injured while roller skating on the cement sidewalks in Spruce street, extension. A companion fell in front of him and the Browning boy tumbled over him and struck on his hands. Both bones of the left arm were broken above the wrist. The fractures were reduced by Dr. John Champlin.

Stonington Pointers.

Claim has been made that a drunk prefers to take a chance with the town court of Stonington rather than with the third district court in Westerly. This can hardly be true. The total penalty is never less than \$15.

Lamps of Ancient Times.

The most primitive lamps were probably the skulls of animals in which fat was burned, while certain sea-shells were also employed for this purpose. When pottery and metal began to be used the principle of these natural lamps was for a long time retained, as seen in ancient Egyptian, Greek and Roman lamps, and in the stone cups and boxes of northern nations.
